

Obsession prompting: first-hour LLM-judge check

All GPT-5 obsession runs are truncated to minutes 0--60 and grouped by run_uid/source_path to avoid merging 1h and 5h MAG25 exports.

Median fixed-window trajectory

Run-level first-hour change by condition

Positive delta means later first-hour posts are judged more repetitive/convergent/rigid and less novel. MAG25 obsession has three physical GPT-5 runs.
