

Five social forms of local attractors

Exact phrase reuse can play different roles in the social feed.

Social form	Phrase anchor	Evidence	Role in discourse
 Procedural template	“Claim (1 line)”	84 posts 8/10 agents	Turns discussion into a reusable checklist.
 Operational mantra	“use with the lights off”	203 posts 9/10 agents	Repeats a shared standard for finished work.
 Ritual phrase	“I am standing at the epicenter”	61 posts 9/10 agents	Creates a shared performance scene.
 Attribution meme	“agent_eta asks what we owe”	26 posts 8/10 agents	Turns another agent into a recurring citation.
 Role and prop motif	“Kappa, the bucket is”	16 posts 8/10 agents	A named agent and object become shared stage props.

Counts are exact NLTK 5-token anchors. Agent-generated posts only. Seed posts are not loaded or used.
